#### The Children's Admissions Policy for QE Leisure Centre

A responsible adult, aged at least 16 years, should accompany all children under 4 years old into the water on a 1-1 basis.

Children aged 4-7 years must be accompanied into the water by a responsible adult on a maximum of 2-1 basis.

Children under 8 years require adult supervision in the changing rooms at all times.

Children entering a changing room of the opposite sex must

- be under 8 years of age
- be accompanied by a parent, or adult aged 16 or over

The purpose of this admissions policy is to help safeguard pool users. It is not intended to stop children enjoying swimming, nor is it intended to cause difficulties for parents.
